### ■ Programmable Driver

The programmable driver has a friendly user interface that lets you change lighting options and assign different functions and macros to each of the 9 different buttons.

### ■ Adjustable Weight

The adjustable weight system allows users to remove different weight blocks tailored to their most comfortable level.

### ■ Multi-Color LED Backlight

The multi-color LED backlight allows for users to work or play in dark environments with different lighting colors (white/green/blue/purple/yellow/teal/red).

### ■ Ergonomic Gaming Design

The ergonomic design and the texturized rough surface on both sides of the mouse provide comfort and better grip for both left and right-handed users.

### ■ Gaming Grade Optical Sensor

The advanced optical sensor offers pinpointing tracking precision for your various computing and gaming activities.

### ■ 7 Level DPI Switch

**(500/1000/1,600/2,400/3,200/4,800/6,400 DPI)**

The adjustable DPI switch provides control of the mouse with 7 different customized sensitivities (7 default speed at 500/1000/1,600/2,400/3,200/4,800/6,400 DPI). Located conveniently just below the scroll wheel, the DPI adjustment buttons let you quickly adjust cursor speed between the various computer tasks throughout your day.
