

Designed with speed-conscious users in mind, the ultra fast JetFlash 590K/W is an affordable capless USB 2.0 flash drive that makes it easy to store, carry and share all your digital files wherever you go.

Compact, capless, retractable design

Ultimate Convenience

Transcend’s JetFlash 590K/W is available in a wide range of capacities from 8GB to 64GB, it lets you carry all of your favorite movies, music, documents, and much more – all in the palm of your hand.

- Fully compatible with Hi-Speed USB 2.0
- Available in 8GB, 16GB, 32GB, and 64GB capacities
- Choice of black (JF590K) or white (JF590W) designs
- Includes free download of Transcend Elite data management software

Simple, Sleek, Easy-to-Use Design

The JetFlash 590K/W features a lightweight, capless design with a USB connector that extends and retracts to provide extra hardware protection against dusts and liquid spills. The flash drive comes in a durable body so compact that it will not block adjacent ports on your device.

Quality Assurance

Transcend’s JetFlash 590K/W USB flash drive is manufactured with premium quality NAND Flash memory chips and is extensively tested for performance and reliability.

Simple File Management

Using the JetFlash 590K/W couldn’t be easier. Simply connect the drive to a Hi-Speed USB 2.0 port and drag and drop desired files to and from the device. The JetFlash 590K/W supports Microsoft Windows 7/8/8.1 (32-bit and 64-bit), Windows Vista, Windows XP, Mac OS X, and Linux systems, and is backwards compatible with USB 2.0 and older USB 1.1 ports.

Compatible with a Wide Range of Devices

Application is not only limited to computers. The versatile JetFlash 590K/W can also be used with any device equipped with a USB port, including TVs, Blu-ray players, DVD players, stereos, digital photo frames and games consoles. For these applications, additional software is not required; all media playback is handled by the device.

Free Download – Transcend Elite Data Management Software

For added value, the JetFlash 590K/W includes the exclusive Transcend Elite data management tools. The software can be downloaded and installed from the Transcend website for free after purchase of the JetFlash drive. With this convenient software, you can easily perform incremental backups, compress files with 256-bit AES Encryption, and much more.

Storage Chart

	Photos	Music	Video
			
File Type	JPG ¹	MP3 ²	DVD ³
8GB	3904 photos	2000 songs	3.5 hours
16GB	7808 photos	4000 songs	7 hours

32GB	15616 photos	8000 songs	14 hours
64GB	31232 photos	16000 songs	28 hours

¹Based on file size 2MB. ²Based on 4min per song, 128Kbps quality. ³Based on 2.25GB per hour DVD quality. Storage capacity approximations are for general reference only. Actual results will vary depending on resolution, compression quality, video frame rate/interlace settings, and content. 1GB = 1 billion bytes. A certain portion of the storage capacity may be reserved for firmware and maintenance use.

*Speed may vary depending on the device and usage of hardware or software.

*Please check with the USB port-equipped device manufacturer for exact specifications and supported file formats before using the USB flash drive on the device.

*Please see Transcend website for additional warranty details and limitations.
