Product Description

Designed with speed-conscious users in mind, the ultra fast JetFlash 700 is an affordable USB 3.0 flash drive that makes it easy to store, carry and share all your digital files wherever you go.

Ultimate Convenience

Using the latest Toggle TLC flash technology, Transcend's JetFlash 700 features a SuperSpeed USB 3.0 interface with a read and write transfer rate of up to 90MB/s and 20MB/s respectively. Available in a wide range of capacities, the JetFlash 700 lets you carry all of your favorite movies, music, documents, and much more – all in the palm of your hand.

Simple, Sleek, Easy-to-Use Design

The all-black JetFlash 700 features a lightweight, streamlined design and a protective cap to provide an extra shield against dust and liquid spills. The compact, durable body of the JetFlash 700 flash drive will not block adjacent ports on your computer or device.

Simple File Management

Using the JetFlash 700 couldn't be easier. Simply connect the drive to a SuperSpeed USB 3.0 port and drag and drop desired files to and from the device. The JetFlash 700 supports Microsoft Windows 7 (32-bit and 64-bit), Windows Vista, Windows XP, Mac OS X, and Linux systems, and is backwards compatible with USB 2.0 and older USB 1.1 ports.

- Available in 8GB, 16GB, 32GB, and 64GB capacities
- USB 3.0 interface: read/write speeds of up to 90/20MB per second
- Includes free download of Transcend Elite data management software

Compact & lightweight design

Compatible with a Wide Range of Devices

Application is not only limited to computers. The versatile JetFlash 700 can also be used with any device equipped with a USB port, including TVs, Blu-ray players, DVD players, stereos, digital photo frames and games consoles. For these applications, additional software is not required; all media playback is handled by the device.

Free Download – Transcend Elite Data Management Software

For added value, the JetFlash 700 includes the exclusive Transcend Elite data management tools. The software can be downloaded and installed from the Transcend website for free after purchase of the JetFlash drive. With this convenient software, you can easily perform incremental backups, compress files with 256-bit AES Encryption, and much more.

Quality Assurance

Transcend's JetFlash 700 USB flash drive is manufactured with premium quality NAND Flash memory chips and is extensively tested for performance and reliability.

Storage Chart

	Photos	Music	Video

File Type	JPG[1]	MP3[2]	DVD[3]
8GB	3904 photos	2000 songs	3.5 hours
16GB	7808 photos	4000 songs	7 hours
32GB	15616 photos	8000 songs	14 hours
64GB	31232 photos	16000 songs	28 hours

[1] Based on file size 2MB. [2] Based on 4min per song, 128Kbps quality. [3] Based on 2.25GB per hour DVD quality.
Storage capacity approximations are for general reference only. Actual results will vary depending on resolution, compression quality, video frame rate/interlace settings, and content. 1GB = 1 billion bytes. A certain portion of the storage capacity may be reserved for firmware and maintenance use.

* Note: speed may vary depending on the device and usage of hardware or software.
* Available in Frustration-Free Packaging and/or regular retail package.
