The Flash Drive for Type-C Ready Mobile Devices

Mobile C80 USB drive has a dual interface that supports both for USB Type-C and standard USB Type-A ports. USB Type-C might simplify all formats into one universal interface in the future, and C80 can add additional storage for smartphones, tablets, PCs and Mac with USB Type-C port. Furthermore, USB Type-C is reversible which allows users to insert it into their device's port no matter which way up it is.

Ergonomic Circular Shape 360° Swivel Cap Design

Inheriting from Jewel J80 / Firma F80, Mobile C80 keeps the ergonomic circular shape for easy grasp and use, but adds a sturdy 360° swivel cap to protect the connector from harm when it is not in use. Moreover, the zinc alloy casing of C80 features sandblasting treatment that enables delicate touch and provides superior resistance to scratches and fingerprints.

Instant Storage Expansion Quick File Transfer

Many users may suffer from relatively few and specific expansion slots of new-generation mobile devices, and it is costly for additional storage space. Mobile C80 delivers up to 128GB of instant capacity for you to transfer and store content. Without constraints of internet signals and different kinds of cables and adapters, C80 promises easier, faster and more stable data transmission.

Features

• Dual interface for USB Type-C and USB Type-A ports
• 360° swivel cap design
• Ergonomic design, easier to use and grasp
• Exquisite circular shape, perfectly fitted on a keychain
• Sturdy zinc alloy casing
• COB (Chip-on-board) technology for water, dust and vibration proof
• Recuva File Recovery, allowing recovery of erased files, such as digital photos, documents, music and videos

*It is recommended to use the Android file manager app such as "ES File Browser" to manage your data in your mobile devices.

Specifications

• Size: 49.4 x 18.0 x 6.6 mm
• Weight: 8g
• Capacity: 16GB / 32GB / 64GB / 128GB
• Material: Zinc alloy
• Color: Titanium
• Interface: USB Type-C / USB 3.1 Gen1 / USB 3.0, USB 2.0 compatible (*Charging is not supported)
• Operating temperature: 0℃ ~ 70℃
• Supported OS Operation Systems: PC- Windows 10/8.1/8/7/Vista/XP, Mac OS 10.3.x or later, Linux 2.6.x or later
  Mobile device- Android 4.1.X* or later / Windows phone 8* or later (*For USB Type-C ready mobile devices)
• Certifications: CE/FCC/BSMI/Green dot/WEEE/RoHS/KCC
• Warranty: 5 Years Limited Warranty
