## Stylish PC Peripherals from Sony.

### PC Mouse range

#### SMU-C3 series

Stylish bi-colour optical USB mouse with wide scroll-wheel and integrated wire storage. Adjust the cord length to your preference and carry your mouse everywhere you go!

#### Features

- 800 dpi sensor accuracy for superior precision and control.
- Wide scroll-wheel allows you to navigate easily through documents, presentations and Internet pages.
- Plug-and-play convenience through USB connectivity - no driver installation required.
- The integrated cable storage provides not only a solution to messy desks by hiding away the unused cable to reach the optimum length, but also a safe storage solution while on the move.
- With 4 colour variations available, there must be a bi-coloured mouse that suits both your computer and taste!
- Designed for Windows Vista, Windows XP, Windows 2000 and later, and Mac OS X Version 10.2 and later\*.

\*See specifications for further details

#### SMU-M10 series

Slim and compact optical USB mouse that stores easily in laptop bags. And with its built-in slot designed to wrap around the USB cable and the UV paint that protects against scratches, this is surely the ideal mouse for frequent travellers!

#### Features

- Precise 800 dpi optical sensor for maximum navigation control of documents, presentations and Web pages.
- Compact format - flat design with 15 mm thickness ensures easy storage in any bag.
- Ready to use via instant USB connectivity - simple setup with no driver installation.
- Convenient built-in slot to wrap around the USB cable - keeps your desk tidy by enabling cable length adjustment, and eases transport and storage.
- With its UV paint protection against scratches, your black, white or blue mouse will look "brand new" for a long time, so choose your colour carefully!
- Designed for Windows Vista, Windows XP, Windows 2000 and later, and Mac OS X Version 10.2 and later\*.
