RDF2 CFast 2.0 Card Reader is designed exclusively for professional cinematographers who pursue extreme transfer efficiency with CFast memory cards. With the SuperSpeed USB 3.0 interface, RDF2 shows the amazing transfer speeds of up to 500MB per second*, 10 times faster than USB 2.0 interface. With this card reader, the professionals can save a significant amount of time transferring high-resolution audio files and focus on their work instead. RDF2's compact and lightweight design allows the users to easily carry around with them from studio to the filming spot without adding any burden.

Exclusively for CFast Memory Cards

RDF2 Card Reader not only supports the next generation CFast 2.0 specification, but is also backward compatible with CFast 1.1 and CFast 1.0 memory cards. You just need one reader for all your advanced cards!

- Supports CFast 2.0/CFast 1.1/CFast 1.0 Memory Cards
- Transfer speeds of up to 500MB per second*
- USB 3.0 interface for higher transfer speeds
- Fully compatible with SuperSpeed USB 3.0 & Hi-Speed USB 2.0
- Convenient LED data transfer activity indicator
- Exclusively for professional cinematographers s
- Compact and portable design
- Free download of Transcend's RecoveRx photo recovery software
- Two-year Limited Warranty

Specifications

Size: 67.6mm × 45mm × 15.2mm (2.66 x 1.77 x 0.60 inches)
Weight: 26 g (0.91 oz)
Interface: USB 3.0 / USB 2.0
Supported Cards: CFast 2.0/CFast 1.1/CFast 1.0

SuperSpeed USB 3.0 Interface

RDF2 is exclusively designed for professional cinematographers who pursue extreme transfer efficiency. With the SuperSpeed USB 3.0 interface, RDF2 shows the amazing transfer speeds of up to 500MB per second*, 10 times faster than USB 2.0 interface!

Higher speeds, Higher Efficiency

With this card reader, the experts can save a significant amount of time transferring high-resolution audio files and focus on their professional work instead. Boost the workflow efficiency with RDF2!

Compact and Portable Design

RDF2 includes a USB 3.0 cable in the package. Its compact and portable design allows the users to easily carry around with them from studio to the filming spot without adding any burden. The convenient LED indicator will flash when a data transfer is in progress.

Transcend Exclusive RecoveRx Software

For added value, each Transcend card reader includes a free download of Transcend's exclusive RecoveRx ™ photo recovery software-an extraordinarily effective tool that allows the users to recover accidentally deleted or lost files from the Transcend's brand storage and multimedia products.

*Note
Based on USB 3.0 specification. Speeds may vary due to host hardware, software and usage.
1MB=1,000,000 bytes
