| 2.4 GHz RF Wireless Technology | Programmable Driver | Tilt-Wheel Scrolling | Magnetically Storable Receiver | DPI Switch - 2 Levels | Optical Sensor |

■ 2.4 GHz Wireless Technology

The 2.4GHz Wireless Technology has 65536 IDs with 12 channels and works up to 30 feet. This provides the reliability to ensure your other wireless devices will not interfere with your keyboard.

■ Programmable Driver

Simple and easy to use, the driver covers virtually all ranges of different applications. From basic multimedia commands to Windows® related functions, it will satisfy both your entertainment and work needs. If that's not enough, you can also set your own commands (macros), all with just a few simple steps.

■ Tilt Wheel Scrolling

With the 4 way tilting wheel, users can scroll vertically and horizontally, which makes browsing through different documents a breeze. (Tilt Wheel PC only)

■ Magnetically Storable Receiver

The back of the iMouse S60 has a slot that holds the wireless usb receiver magnetically. Never again will you have to worry about losing these tiny usb dongles.

■ DPI Switch - 2 Levels

With two selectable DPI options of 800 and 1600, users can change their desired DPI settings for different applications.

■ Optical Sensor

Optical sensor technology improves precision and even lets you work on most surfaces like marble, wood and leather surfaces without the need of a mouse pad. With an optical resolution of 800/1600 DPI, you can browse comfortably basically on any surface.

Specifications:

- Tracking Method: Optical
- Connectivity: Wireless RF 2.4GHz
- Wire: Up to 30 ft. (10m)
- Interface: USB
- Battery: (2) AAA batteries
- Hand Orientation: Right & Left
